dvPrompter Plus App Update Procedure

Please follow following steps for updating the dvPrompter Plus App for your Datavideo TP series products including TP-150, TP-300, TP-500, TP-600, TP-650 and TP-800.

You can download the latest App from www.datavideo.com/product/tp-800. The current App version is shown at the bottom of the menu.

1. Download the latest App from www.datavideo.com/product/tp-800
2. Copy the downloaded .apk file to the root directory of a USB flash drive
3. Connect the USB flash drive containing the file to one of the TP-800s USB ports
4. Connect the supplied USB mouse to the other USB port
5. Open the 'File Manager +' App by clicking it once

6. Open the USB flash drive by clicking it once.

7. Double click the dvPrompter Plus .apk file you downloaded earlier

8. The update will install, the dvprompter App will automatically open when complete.
